

Scrum 04-03

- What have I worked on?

We briefly analyze our NH data, there are 1282 cases. 269 criminal cases. In these cases, there are 244 cases that were affirmed, 24 cases were partially affirmed and 50 cases were reversed.

- What will I be working on next?

The next goal is to find more NH Data. We may focus on the district court. All cases we focus on now are Supreme Court. We also plan to use some machine learning model to deal with text.

- Have I run into any issues? Do I need help?

Our difficulties are that we only have few data. Next we may try more ways to get more data.

- Have I talked to the client recently? When are we meeting with them next?

We talked to the client via zoom on 04/03
