

1. What work has the team done toward the project this week?
2. What work does the team plan to do next week?
3. Is the team having any issues?

1. We cleansed the dataset, particularly standardizing the owner names per owner address.
2. We intend on creating a master dataset that is merged with Taylor's team.
3. Our immediate issue is a comma issue, this is due to the fact that commas exist in some cells and affects the indexing.
